

Mediplorer CO2 Gel Mask Premium (6 pack)

Beauty reaches its peak through time

Since its launch in 1999, Mediplorer has been tirelessly researching carbon dioxide, and as a result, has finally achieved a 40% increase in carbon dioxide generation. With unprecedented moisturizing power and a formula specialized for anti-aging care, it brings smooth firmness and radiance to mature adult skin. In addition, the gel volume has been increased by 10%. Enjoy a rich time surrounded by the scent of damask rose that will enchant your soul, filling every corner of your skin.

servings Gel x 6, Granule x 6 (Eco type without cup or spatula)

How to use

We recommend using the product for 6 days to regulate your skin's turnover. After that, you can continue using the product 1-3 times a week depending on your skin condition.

1-Cleansing/Facial Wash

Before applying the pack, cleanse and wash your face to make sure your skin is clean.

2-Mix

Add one packet of Gel Vert and one packet of Powder to each packet and mix thoroughly with a spatula. (Please use the Gel and Powder immediately after opening.)

3-Coating

Apply a thick layer of gel to the entire face. (Please use up the gel in the container in one application.)

4-Relax

Leave the pack on for 20 to 30 minutes, then roughly remove the gel with a spatula.

5-Wipe off

Wipe off with a wet towel or rinse gently with lukewarm water to remove all the gel. After using the pack, moisturize thoroughly.
