

Mediplorer CO2 Sheet Mask

A sense of vitality rises in just 10 minutes

A new method of carbonated beauty that applies fresh carbon dioxide to bare skin . It provides intensive treatment to dry and sagging skin , and fills every corner with deep moisture. After treatment, your skin will be clear and firm, shining from deep within .

(20mL + 1 mask) x 5

Ingredients

Water, BG, Pentylene Glycol, Citric Acid, Cellulose Gum, Stearoxy Hydroxypropyl Methylcellulose, Carrageenan, Sodium Alginate, Damask Rose Placenta Culture Extract, Sodium Acetylated Hyaluronate, Hydrolyzed Hyaluronic Acid, Artemia Extract, Zostera Marina Extract, Wild Rose Oil, PEG-60 Hydrogenated Castor Oil, Malic Acid, Sodium Tocopheryl Phosphate, Sodium Citrate, Ethanol, Phenoxyethanol

How to use

This unique mask requires mixing the sheet with beauty water just before use. It can be used whenever you like depending on your skin condition.

- 1-Place the beauty water on top and fold it in half along the crease on the back.
- 2-Squeeze firmly to push out the beauty water from the top into the mask underneath.
- 3-Rub the mask so that the beauty water is absorbed into it, then open the seal and remove the mask.
- 4-Apply the mask to your face, leave it on for about 10 minutes, then remove it. Finally, apply lotion or cream to condition your skin.
